- **Administration & Professional Skills:** Accurate Record-Keeping, Confidential Data Handling, Stakeholder Communication, Cross-Functional Coordination, Problem-Solving, Process Documentation, Standard Operating Procedures (SOPs), Time Management, Attention to Detail, Deadline Management

PROFESSIONAL EXPERIENCE

Receptionist & Security Officer
SOS Group (formerly Key Guard Security), Dublin, Ireland May 2026 – Present
Corporate Assignment: DLA Piper

- Coordinate corporate **reception and administrative operations**, managing visitor registration, appointment verification and accurate record-keeping.
- Maintain **confidential visitor records, access-control logs and operational documentation** using ACT, Microsoft Excel and building management systems.
- Support facilities administration by maintaining PPM records, verifying information and coordinating contractor communications.
- Handle operational enquiries, **identify discrepancies** and collaborate with internal teams to resolve issues efficiently.
- Follow established SOPs, ensuring accurate documentation, confidentiality and consistent administrative procedures.

Data Analyst
Hitachi Digital Services, Hyderabad, India Mar 2024 – Jul 2025

- Performed **data validation, reconciliation and quality checks** across enterprise reporting systems, identifying discrepancies and maintaining reliable business information.
- Monitored scheduled reporting and data-processing workflows, investigating exceptions and supporting accurate **month-end reporting activities.**
- Analysed operational datasets, investigated inconsistencies and communicated findings to business and IT stakeholders.
- Maintained accurate reporting records, validation documentation and process information to support traceability and quality assurance.
- Automated recurring reporting and validation activities **using SQL and Python, reducing manual reporting effort by approximately 25%.**
- Supported **business intelligence reporting and data accuracy checks**, using SQL and enterprise reporting tools to investigate discrepancies, verify information and maintain reliable operational reports.
- Collaborated with **cross-functional business and IT teams** to investigate reporting exceptions, coordinate corrective actions and ensure timely resolution of data-related issues.
- Received the **Hitachi Pinnacle Award** for execution excellence, teamwork and collaboration.

ERP & Business Intelligence Analyst

Hitachi Digital Services, Hyderabad, India Feb 2023 – Mar 2024

- Supported **Oracle ERP/EBS R12 and enterprise BI reporting operations**, assisting with financial and operational data accuracy, reconciliation and reporting queries.
- Used **SQL and PL/SQL** to extract, verify and **reconcile enterprise data**, identifying discrepancies and investigating reporting exceptions.
- Monitored Oracle ODI data-processing workflows and coordinated with business and technical teams to resolve operational issues.
- Supported reporting validation and User Acceptance Testing (UAT), documenting defects, verifying expected outcomes and maintaining data quality standards.
- Prepared SOPs, process documentation and reporting specifications to support consistent, accurate and well-documented business operations.

PROJECTS

OpsResolve AI | AI-Powered Enterprise Support Intelligence Platform Live Demo

- Developed an AI-assisted enterprise support demonstration using **200 fictional incident records and 26 SOPs** to simulate structured incident management and operational workflows.
- Designed incident classification, **SLA-risk identification** and knowledge recommendations to support issue prioritisation, consistent documentation and efficient problem resolution.

XAI-Enhanced LLM-Based Agent for Residential Energy Load Scheduling
MSc Computing (Data Analytics) Practicum | Dublin City University

- Developed a **Python and XGBoost** predictive analytics framework, incorporating SHAP explanations to analyse residential energy consumption data.
- Evaluated model performance through structured data analysis and validation, achieving an **R^2 score of 0.651** on held-out test data.

EDUCATION

MSc Computing (Data Analytics) Sep 2025 – Aug 2026
Dublin City University, Dublin, Ireland

B.Tech in Computer Science Engineering 2019 – 2023
CMR Institute of Technology, Hyderabad, India

TRAINING & CERTIFICATIONS

- **Customer Support & Zendesk Programme | Jobcare, Dublin** — Industry workshop covering ticket management, workflow automation, routing logic and sandbox testing.
- **Oracle Cloud Infrastructure 2023 AI Foundations**
- **IBM Cognos Analytics 12.0.0 Cloud Training**
